Guys for this (second) USS FOIA the request is a bit different. See below. Pat: if you think the docs you already provided will cover this request please let me know. I don't know why FOIA included AM docs. The request only mentions USS.

Thanks,  
 Dean

The attached FOIA request should be re-routed to WECA. The requestor is seeking information regarding release of hexavalent chromium from a facility in Indiana. Dean M., WD Enforcement Branch is currently responding to FOIA request R5-006566. The information being prepared by Dean for FOIA R5-006566 will be appropriate for EPA-R5-2017-007077.

Thanks!
